

'From Suffering to Glory' - Studies in 1 Peter

1 Peter 3:1-7 - "Co-Heirs of the Gift of Life"

Recap: Submitting to authority...in the face of fear...in order to persuade (2:12)

1) Wives, submit to your unbelieving husbands...

...wordlessly winning them over

...with unfading beauty

...following godly examples

Implications for:

- Those with unbelieving family
- Married women
- Single women

2) Husbands, honour your wives...

...because they are co-heirs of grace

...following Christ's example

...or don't expect God to listen to you

Implications for:

- Single men
- Married men

Questions for further reflection:

- Read through the passage again. Which verses would you struggle to explain to somebody?
- Which bits of this passage did you find most encouraging? And challenging?
- Which bits of this passage would you be tempted to want to change or edit out? Why?
- Ladies, how can you practically improve on your inner-beauty regime? (3:4, 1:4)
- Men, how do you need to change the way you think about your role within a marriage? What practical change might this make this week? (3:7, 1:4)
- How can we work harder as a church to encourage the men to take the spiritual lead?
