

## Romans 12:9-16 - They were devoted to the fellowship

### 1) Devoted love

### 2) Devoted saviour

### 3) Devoted church

#### For further discussion

- How do Romans 12:9-16 challenge and stretch our view of love? Is it enough to love but not like someone?
- Where can we find the resources to love others like this? What if we believe Jesus died for us but still don't feel all that warmly towards our brother or sister in Christ?
- How does it help to remember what the church is and where we are heading for eternity?
- How might these verses challenge a "consumer" attitude to church? In what ways do you see that attitude in your own heart?
- What would St John's look like if we put these verses into practice consistently?
